

2023-2024 Overview – August 9, 2023 to August 2, 2024
Pre-School / VPK / Primary School / Summer Camp
Monday – Friday, 7:30 am – 6:00 pm

Welcome to Space Coast Discovery!

We are so excited to provide you with information about our school!

Space Coast Discovery provides children, with and without special needs, a unique, individualized, and inclusive educational experience with small classroom sizes and low student-to-teacher ratios.

Children of all abilities will have access to quality, individualized education that will provide them with the academic and social skills needed to succeed in life. Imagine a school where a child is taught on the level at which they can attain success and where they can progress at a rate unique to their needs, not in an age-based program which leaves so many behind or slow others down. Imagine a school where a child's social, emotional, physical, and educational needs are met each and every day while they are in school. Imagine a child who, at the end of the school day, can go home and play and enjoy family time without the worry and stress of homework or therapies. Our school provides this service and more in a child-centered curriculum. Our school provides an inclusion program for the gifted child, the artistic child, the typical child, and the developmentally delayed child. From therapies to educational programs, we have the necessary and highly-trained professionals on staff and on hand to meet the needs of our students during the school day.

When vision meets opportunity, success is bound to occur.

Space Coast Discovery offers low student-to-teacher ratios for children 6 weeks to 6th grade with the following options:
